Blush + Whisk

Desserts for the Modern

Corporate Proposal

2021

a quick introduction -

Hi there! I'm Bernmarie Winston - wife, mom of two littles, and Owner/CEO of Blush + Whisk, an online-based bakery in Arlington, Texas. I've been baking sweet treats for as long as I can remember and decided to take up cake decorating in the Spring of 2020. People quickly began requesting orders, and from there, the business was born.

Blush + Whisk specializes in bringing a classic flavor in a modern, chic design. Our mission is to encourage everyone we interact with to celebrate life - the big occasions and every moment in between. So whether that's your bachelorette party or just the fact that you made it to the weekend, we've got a treat for you and we'll cheers right along with you!

Products

While we are a custom bakery, we offer additional products that we believe would benefit your company, employees, and clientele.

- Decorating Classes
 - Our cupcake and cookie classes are a hit for team building events and conferences. Our team brings all of the supplies and tools so your team can focus on a good time. We will briefly go over the most popular decorating techniques as we lead a hands-on demonstration and then assist your team in putting their skills to the test! Each team member will get a swag bag with recipes, tools to keep practicing, and a thank you cookie. Class length can be modified to fit your needs.
- Custom Cookies
 - In addition to offering a variety of flavors, our sugar cookies can be customized with any theme, design, or logo. These cookies make a perfect holiday gift for employees, thank you gift to clients or colleagues, and even serve as marketing when designed with your company's logo. Cookies come individually wrapped and heat sealed for freshness and gift wrapped with our signature blush ribbon.
- Care Packages
 - If you're interested in a variety box, we can customize a box of assorted treats in a care package for your clients or associates. Treats can include drop cookies, cupcakes, brownies, macarons, and more. Care packages are packaged in a white box with our signature blush ribbon and can be customized with a personalized card.
- Bulk Dessert Orders
 - Needing treats in large quantities for your next company-wide gathering? We've got you covered. Just give us the date and number of servings needed and we can put together an array of mini desserts to serve at your event. Treats include, but are not limited to, sugar cookies, cupcakes, macarons, brownie bites, and more.
- Gift Certificates
